

2022 Florida United Ways Capitol Days Elevator Speech

I am with United Way of _____ and we're here today with Florida's 28 United Ways for our annual 'Capitol Days' event.

Our United Ways have joined together to promote action on education, income, health and veterans issues impacting our communities.

Today we're asking our legislators to:

- **Improve household stability through increased funding for affordable housing**
- **Maximize federal dollars to stabilize the early learning system including infrastructure and increasing quality capacity based on local needs**
- **Increase access to Florida KidCare program**
- **Expand access to professional and workforce development opportunities that allow Veterans and their families to more successfully transition into civilian life**
