

The background features a blue DNA double helix on the left side, with the letters 'A', 'T', 'C', and 'G' visible on its strands. Scattered throughout are various chemical structures, including hexagonal rings and interconnected networks, along with small grey circles. The text is centered in a bold, dark blue font.

**Let's Talk About It:  
How to Be a Part of  
Community Conversations  
That Weave Us Closer Together**

# Meet our Panelists

# DEFINE

## **Community Conversations:**

Local gatherings in a community to bridge divide in our civic discourse;  
A model to bring stakeholders together to discuss pressing issues.

# LET'S SH
