

The background features a blue DNA double helix on the left side, with the letters 'p', 'a', 'i', 'r', 'e' and 'M', 'A', 'M' visible on its strands. Scattered throughout are various chemical structures, including hexagonal and pentagonal rings with atoms and bonds, and several grey octagons of varying sizes.

Palm Beach County Funders Co

A coordinated relief and recovery funding application process to provide assistance to nonprofit organizations whose facilities, services and clients have been impacted by a disaster.

- Common online application for agencies to complete
- Announcement shared by all funders within 48 hours after a disaster
- Collaborative application review process for funders
- Grant awards made directly to agencies by the funder
- Summary report of applications received and funded

For more information, contact: Donna Quinlan, Vice President of Community Impact, United Way of Palm Beach County, DonnaQuinlan@UnitedWayPBC.org

Table Discuss
