

ALICE IN ALACHUA COUNTY

2023 Point-in-Time Data

Population: 285,994 • **Number of Households:** 121,753

Median Household Income: \$61,488 (state: \$73,311)

Labor Force Participation Rate: 62.3% (state: 60%)

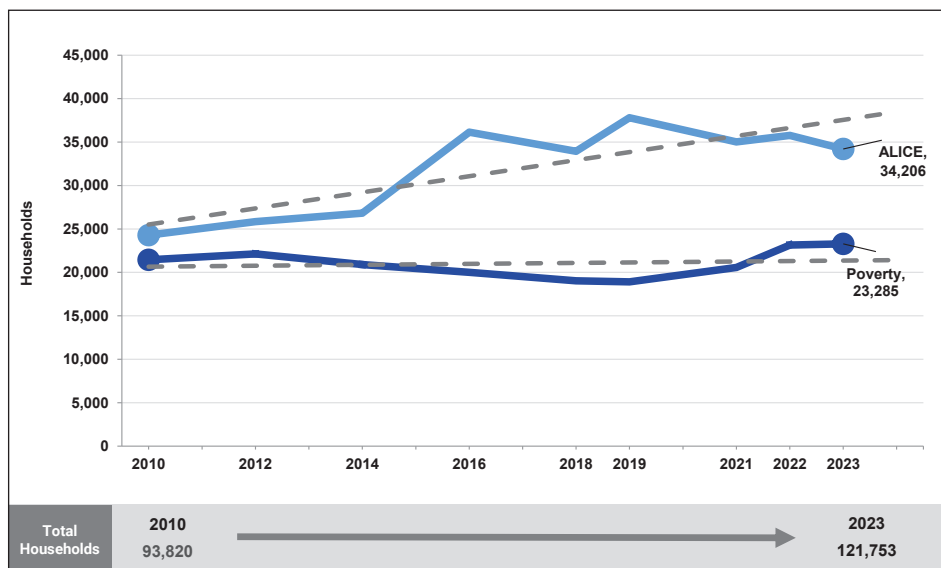

ALICE Households: 28% (state: 34%) • **Households in Poverty:** 19% (state: 13%)

Trends in Financial Hardship

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. The line graph to the right shows the number of ALICE and poverty-level households (solid blue lines), as well as the trend over time (dotted gray lines). **By 2023, 57,491 households (47%) were below the ALICE Threshold in Alachua County.**

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2023, household costs in Alachua County were well above the Federal Poverty Level of \$14,580 for a single adult and \$30,000 for a family of four.

ALICE IN CHARLOTTE COUNTY

2023 Point-in-Time Data

Population: 206,134 • **Number of Households:** 90,367

Median Household Income: \$71,806 (state: \$73,311)

Labor Force Participation Rate: 43.5% (state: 60%)

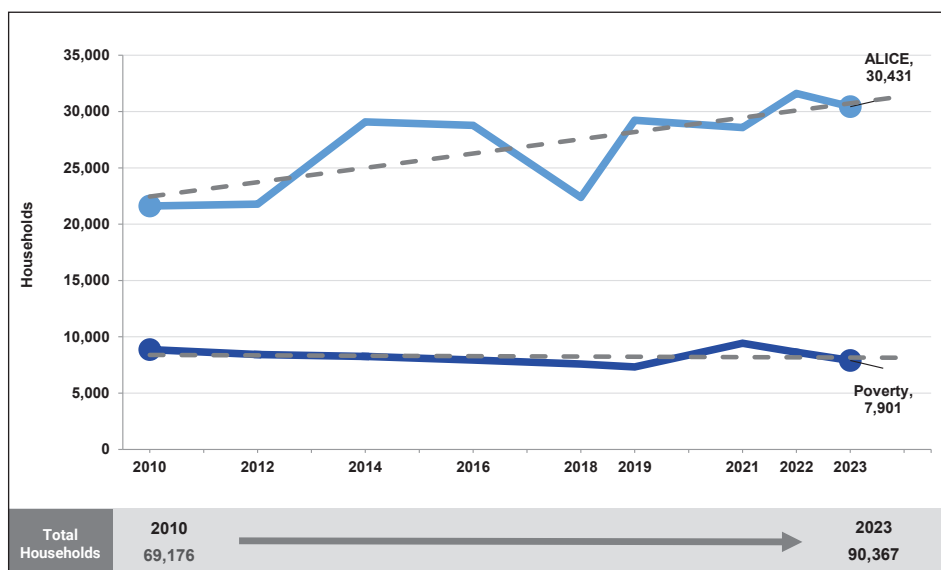

ALICE Households: 34% (state: 34%) • **Households in Poverty:** 9% (state: 13%)

Trends in Financial Hardship

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. The line graph to the right shows the number of ALICE and poverty-level households (solid blue lines), as well as the trend over time (dotted gray lines). **By 2023, 38,332 households (42%) were below the ALICE Threshold in Charlotte County.**

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2023, household costs in Charlotte County were well above the Federal Poverty Level of \$14,580 for a single adult and \$30,000 for a family of four.

ALICE IN DUVAL COUNTY

2023 Point-in-Time Data

Population: 1,030,822 • **Number of Households:** 428,020

Median Household Income: \$69,436 (state: \$73,311)

Labor Force Participation Rate: 65.4% (state: 60%)

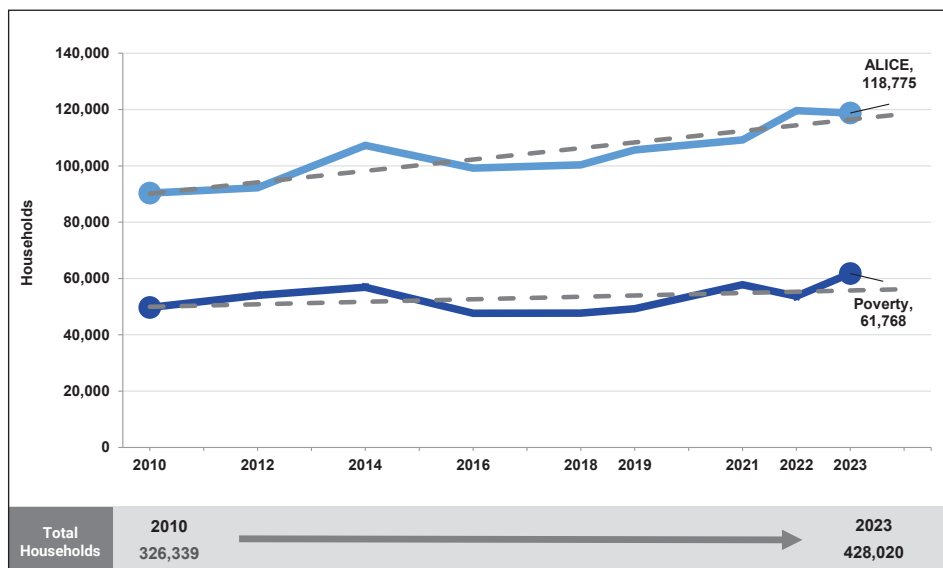

ALICE Households: 28% (state: 34%) • **Households in Poverty:** 14% (state: 13%)

Trends in Financial Hardship

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. The line graph to the right shows the number of ALICE and poverty-level households (solid blue lines), as well as the trend over time (dotted gray lines). **By 2023, 180,543 households (42%) were below the ALICE Threshold in Duval County.**

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2023, household costs in Duval County were well above the Federal Poverty Level of \$14,580 for a single adult and \$30,000 for a family of four.

To see costs for different household compositions in Duval County, visit UnitedForALICE.org/Household-Budgets/Florida

ALICE IN GULF COUNTY

2023 Point-in-Time Data

Population: 14,772 • **Number of Households:** 5,800

Median Household Income: \$67,361 (state: \$73,311)

Labor Force Participation Rate: 43.8% (state: 60%)

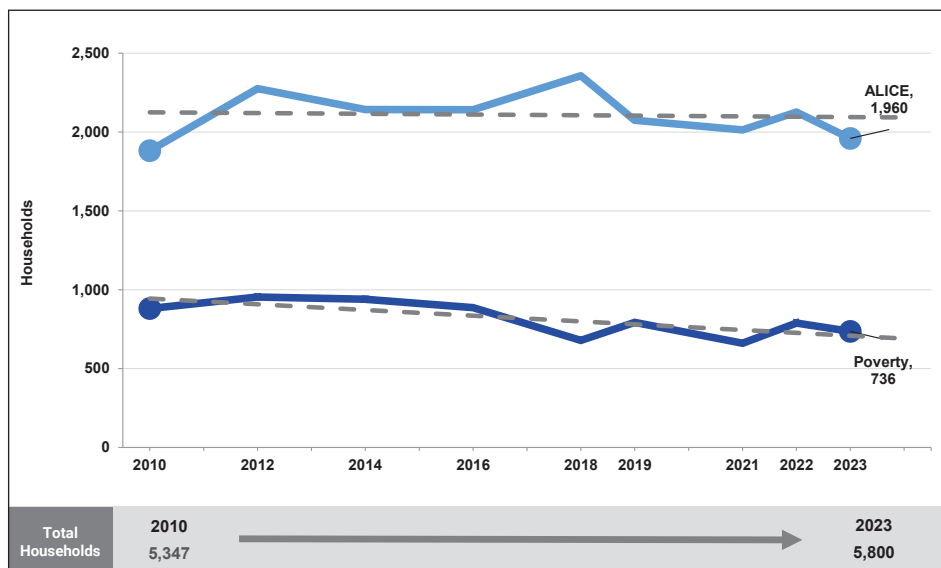

ALICE Households: 34% (state: 34%) • **Households in Poverty:** 13% (state: 13%)

Trends in Financial Hardship

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. The line graph to the right shows the number of ALICE and poverty-level households (solid blue lines), as well as the trend over time (dotted gray lines). **By 2023, 2,696 households (46%) were below the ALICE Threshold in Gulf County.**

Sources: ALICE Threshold, 2010–2023; American Community Survey, 2010–2023

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2023, household costs in Gulf County were well above the Federal Poverty Level of \$14,580 for a single adult and \$30,000 for a family of four.

Trends in Financial Hardship

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. The line graph to the right shows the number of ALICE and poverty-level households (solid blue lines), as well as the trend over time (dotted gray lines). **By 2023, 156,174 households (48%) were below the ALICE Threshold in Lee County.**

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2023, household costs in Lee County were well above the Federal Poverty Level of \$14,580 for a single adult and \$30,000 for a family of four.

ALICE IN MARTIN COUNTY

2023 Point-in-Time Data

Population: 163,315 • **Number of Households:** 69,169

Median Household Income: \$74,601 (state: \$73,311)

Labor Force Participation Rate: 51.5% (state: 60%)

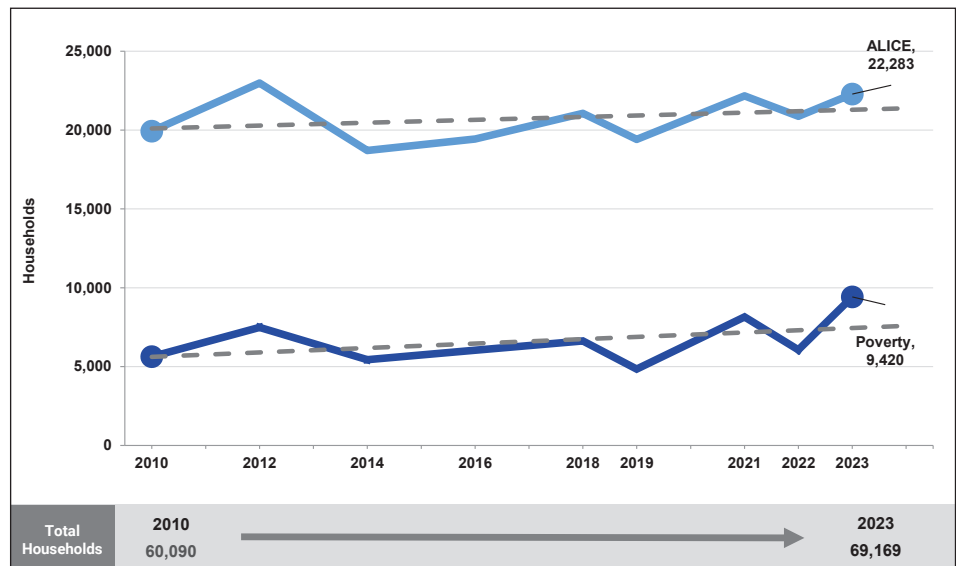

ALICE Households: 32% (state: 34%) • **Households in Poverty:** 14% (state: 13%)

Trends in Financial Hardship

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. The line graph to the right shows the number of ALICE and poverty-level households (solid blue lines), as well as the trend over time (dotted gray lines). **By 2023, 31,703 households (46%) were below the ALICE Threshold in Martin County.**

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2023, household costs in Martin County were well above the Federal Poverty Level of \$14,580 for a single adult and \$30,000 for a family of four.

Data for counties with populations over 65,000 is 1-year estimates. Geographies with fewer than 100 households are not included. Therefore, totals will not match the county-level numbers.

ALICE IN OSCEOLA COUNTY

2023 Point-in-Time Data

Population: 437,784 • **Number of Households:** 154,722

Median Household Income: \$77,466 (state: \$73,311)

Labor Force Participation Rate: 68.0% (state: 60%)

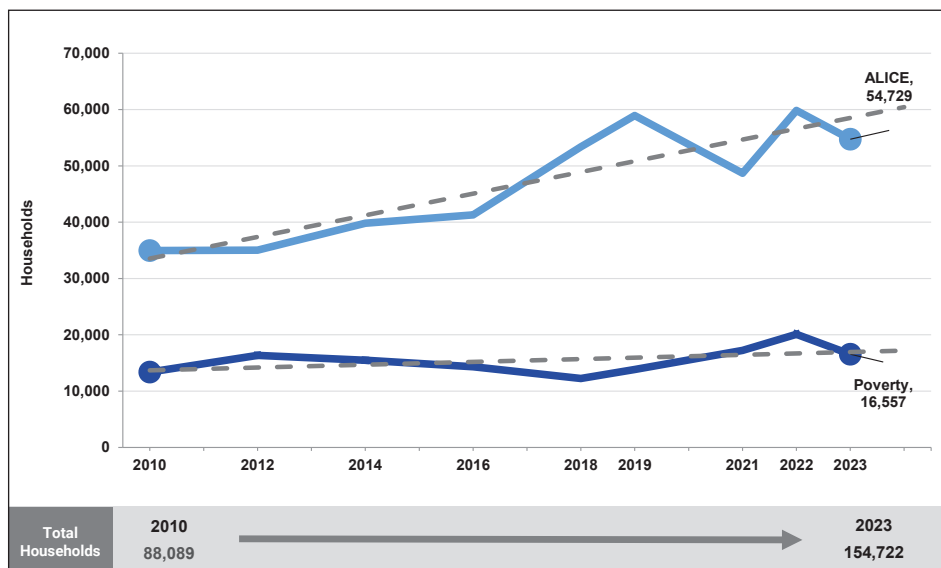

ALICE Households: 35% (state: 34%) • **Households in Poverty:** 11% (state: 13%)

Trends in Financial Hardship

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mloyed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. The line graph to the right shows the number of ALICE and poverty-level households (solid blue lines), as well as the trend over time (dotted gray lines). **By 2023, 71,286 households (46%) were below the ALICE Threshold in Osceola County.**

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2023, household costs in Osceola County were well above the Federal Poverty Level of \$14,580 for a single adult and \$30,000 for a family of four.

Median Household Income: \$87,862 (state: \$73,311)
Labor Force Participation Rate: 58.9% (state: 60%)
ALICE Households: 27% (state: 34%) • **Households in Poverty:** 8% (state: 13%)

Trends in Financial Hardship

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. The line graph to the right shows the number of ALICE and poverty-level households (solid blue lines), as well as the trend over time (dotted gray lines). **By 2023, 25,058 households (34%) were below the ALICE Threshold in Santa Rosa County.**

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2023, household costs in Santa Rosa County were well above the Federal Poverty Level of \$14,580 for a single adult and \$30,000 for a family of four.

ALICE IN TAYLOR COUNTY

2023 Point-in-Time Data

Population: 21,422 • **Number of Households:** 7,571

Median Household Income: \$44,985 (state: \$73,311)

Labor Force Participation Rate: 40.3% (state: 60%)

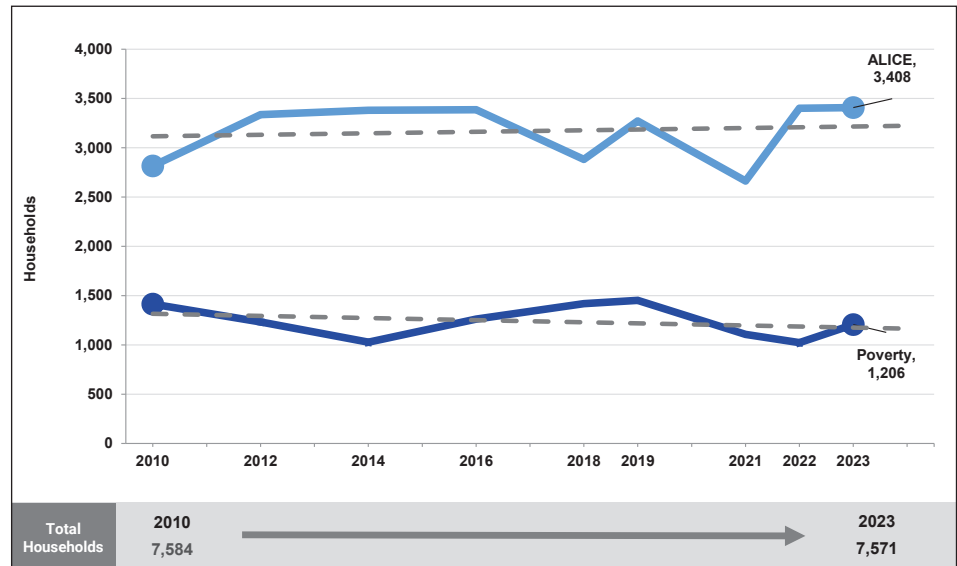

ALICE Households: 45% (state: 34%) • **Households in Poverty:** 16% (state: 13%)

Trends in Financial Hardship

ALICE is an acronym for **A**sset **L**imited, **I**ncome **C**onstrained, **E**mployed – households that earn more than the Federal Poverty Level, but less than the basic cost of living for the county (the ALICE Threshold). Households below the ALICE Threshold – ALICE households plus those in poverty – can't afford the essentials.

Households move below or above the ALICE Threshold as economic factors and circumstances change. The line graph to the right shows the number of ALICE and poverty-level households (solid blue lines), as well as the trend over time (dotted gray lines). **By 2023, 4,614 households (61%) were below the ALICE Threshold in Taylor County.**

The Cost of Basics Outpaces Wages

The Household Survival Budget reflects the minimum cost to live and work in the current economy and includes housing, child care, food, transportation, health care, technology, and taxes. It does not include savings for emergencies or future goals like college or retirement. The Household Survival Budget is calculated at the county level and by household composition, as costs can vary greatly depending on location and household needs.

In 2023, household costs in Taylor County were well above the Federal Poverty Level of \$14,580 for a single adult and \$30,000 for a family of four.
